

Shaping the Future of Physical & Digital Products

Industrial design and product development for manufacturable, market-ready outcomes.

At Formeta Design, we build physical and digital products with a strong engineering mindset. From concept development to prototyping, we help teams deliver elegant, manufacturable, future-ready solutions that perform in real-world constraints.

“We don’t just design outputs. We design outcomes that drive change.”

Industries:

- [Healthcare Solutions](#)
- [Smart Transportation](#)
- [Industrial Equipment](#)
- [Consumer Goods](#)
- [Digital Systems](#)
- [Home Appliances](#)

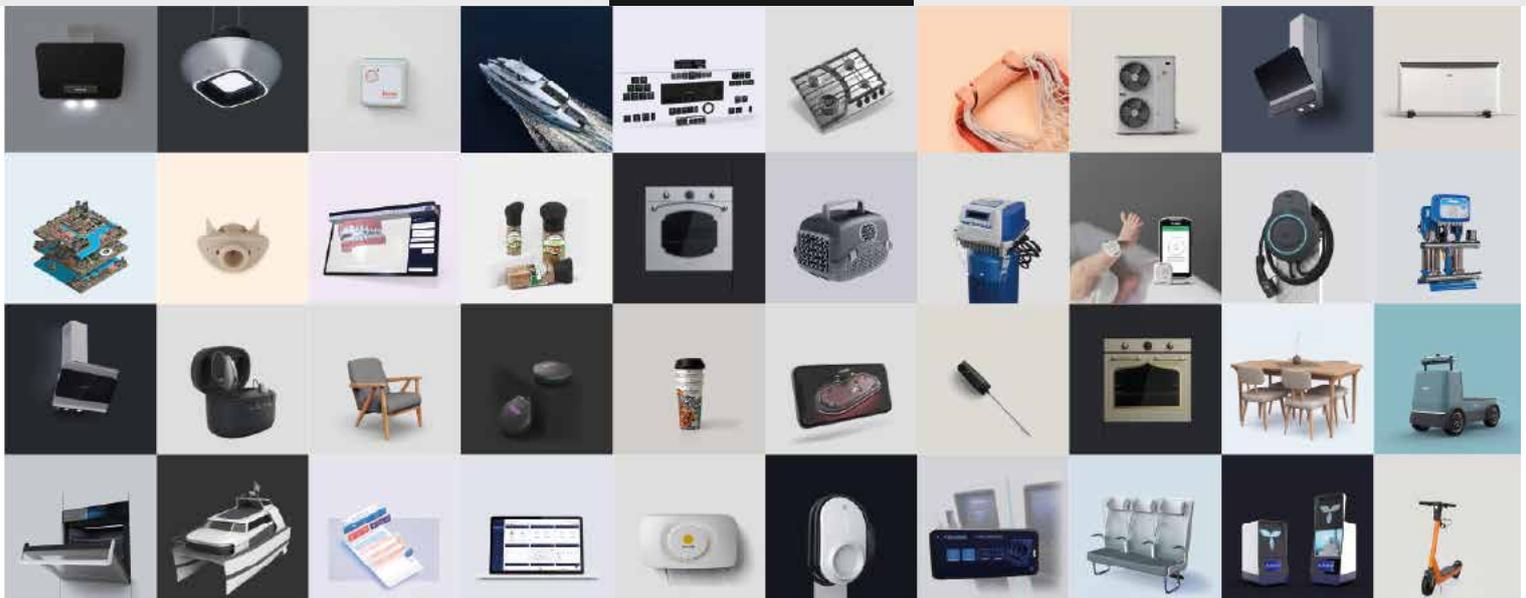

What We Do:

- [Product & System Design \(Hardware + Digital UX\)](#)
- [Design for Manufacturability](#)
- [Prototyping & Pilot Production Support](#)
- [Production-ready Documentation & Handoff](#)
- [Strategy & Vision-Led Concept Development](#)
- [CMF & Form Language Development](#)

Selected as one of the Top 100 Design Studios Worldwide

Selected Works

From concept to pilot production. Designed for real-world constraints.

Let’s collaborate!
